Notes.—As considerable delay would have occurred in stating the Quantities of the Articles Imported and Exported, which the above Order has been hitherto impossible to obtain from the Merchants in proper time, a Return of the Average Prices of the several Articles Imported and Exported in the Year 1810, from which source of information the Real Value has in all former Years been computed, these being no Law in force in Ireland to oblige the Merchants to declare in the Value of their Goods imported, exceeding particular Articles which pay no or tolerable Duty, — that part of the above Order therefore cannot be complied with for the Year 1810.
